

Document Title: **Working Group:
Implementing Alternatives to
Coercion in Mental Health Care**

Document Type: **Short bio**

Author:

Date Created: 16 April 2021

Maria Rodrigues

Maria's specialty is applying research from the social and behavioural sciences to assist organisations in better serving their clients. Since joining Community Works in 2009, she has worked with organisations such as StrongMinds Uganda, Amnesty International, and the Mental Health Association of Central Australia to produce critical advisory reports, toolkits and evidence-based training programs on community engagement, participatory monitoring and evaluation and conflict management.
